

Highway 61 Revisited

N-2020-L WBCCI Caravan **Communique #2**

August 2019

Highway 61 Revisited

Dear 2020 Caravaners!

After a 3-month European road trip, driving 15,000 miles thru 12 countries, your caravan leaders are back in Los Angeles, California. Pictured above are Mary in Austria, Ingo in Germany, and our dachshunds Coco and Dino on the beach of Hoek van Holland. We had a fabulous time, saw a lot, and most importantly our pooches were welcome everywhere. Restaurants, malls, museums, subways, beaches, etc. Europeans are very pet-friendly, so are we on Highway 61.

This is our second irregular Communique. If you didn't receive the first one, please go to our website where it is posted. The current issue goes to two groups of caravaners. Group A has already paid the deposit of US\$ 500.00 and therefore secured their participation. I will reconfirm this after I have received your official WBCCI National Caravan Application, please fill it out asap online at our website and submit it with a simple click. Group B are all those friendly folks who wanted to apply while we were in Europe, and couldn't. Please go to our website, fill out the application, and send it with a deposit of \$ 500.00 to my address:
